SKU: SOf9

Price: \$56.35

Categories: [Seamers / Tong / Offset Bender](#)

Product Description

Each casting is mated, Drilled and sanded as a set. Pinned with a solid steel pin, ground and squared then sanded again then finished with a wire wheel finish. Then misted with a light oil. Our tong are highly sought after in the sheet metal trade. Comfortable handles and good tool balance.

Care: Once a month place a drop of light oil on each side of the pin between the front and back blade. If storing your tongs for a long period lightly mist them with WD-40 or Marvel Mystery oil. After working in wet conditions do both steps above

Steadman tongs are highly sought after in the sheet metal industry due to their strength, balance, feel.

1 1/2" insertion depth 2-5/8" Wide tong x 8-3/4" long

STEADMAN TONGS are a sign of quality and tradition.
For Sheet Metal Workers by a Sheet Metal Worker.
