Product Description

TWO plated 6" Steel Bars

*The Double Butt Gauge is a very useful tool for scribing two different lines of measurements on any given surface, without having to stop and readjust for the second measurement. The 6" bars are made of Nickel Plated steel and the head is hardened. The gauge is securely locked by a knurled clamp screw. • Hardened Head • 6" Adjustable Steel Bars • **Parts are replaceable** • Etched inscribed measurements • Saves you time and improves accuracy*

Also AVAILABLE as an option are 13" STAINLESS STEEL rods

*or **6" rods of Etched Inscribed Measurements***
